September 26, 2026

Dear Wells Fargo Recruiting Team,

I am writing to apply for the 2027 APAC Banking Summer Analyst, Hong Kong in Hong Kong. I am a Master of Engineering student in Financial Engineering at Cornell University (graduating December 2027) and hold a First Class Honours BSc in Mathematics with a Computer Science minor from the University of Hong Kong, making this my penultimate summer and Hong Kong my home base.

My internship record pairs quantitative research with disciplined execution: quant research at Dymon Asia and Rivermap in Hong Kong, factor and risk modeling at Nine Martingale and Northeast Securities in Shanghai — each role ending in measurable improvements (82.6% prediction hit rate; +6% annualized backtest return; +0.3 Sharpe).

Wells Fargo's growing APAC platform offers the chance to apply that rigor to regional markets with a team that values analytical, build-it-yourself analysts.

I would welcome the opportunity to discuss how my background can contribute to your team, and I am available for interviews at any time. Thank you for your consideration.

Sincerely,

Jing Xiang Xu
